

Attachment for TCM Forklifts

Attachments for TCM Forklifts - In the global industry of material handling, lift trucks play a major role for transporting industrial goods. First innovated as industrial vehicles in the 1930s in America, forklifts gained popularity after WWII during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machinery spread worldwide.

In nineteen forty nine, started by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Currently the company is simply known as TCM Corporation. Throughout the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation in the trade. TCM began building lift truck manufacturing locations outside of Japan in the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly manufactures various models of industrial trucks with over 50 years of accumulated expertise and technology, making their products recognized and used all over the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aspires to become a world-class leading company.
