

## Spreader Bar for Forklift

Spreader Bar for Forklifts - Proudly operating since the year 1974, ELME Spreader AB is the largest independent spreader company in the world. They have been a devoted producer of spreaders meant for different applications such as the handling of containers, swop bodies and trailers.

Engineering is done in house by way of making use of all the newest CAD systems and FEM tools. The ELME business currently employs more than 125 workers. Their spreaders are supplied to reach straddle carriers, lift trucks, gantry, quayside, ship-to-shore cranes and stackers all-over the world.

The ELME product collection offers spreaders utilized for different trailer and container handling operations. Some of their inventory comprise: Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers, Harbour Cranes, Lift Trucks, Straddle carriers, Ship to Shore Spreaders as well as a wide variety of additional parts.

Manufacturing and production of ELME products are established in highly automated purpose designed factory. In the year 2008, they created 1150 spreaders by way of making use of quality parts in order to guarantee reliability and top standards. Major features of ELME consist of design simplicity, market response and innovative modular spreader concept.
